Marc Kahlberg has spent several years, both as an active Police Officer and more recently in the private sector, hosting a unique security related “**Experience Israel**’ - “**training while you tour**” **program**. During the “Experience Israel” training tour you will have **your own, personal** room at the 5 star Hotel, the Dan Panorama, located on Tel Aviv's beautiful Mediterranean Ocean.

Our program is not based on politics. We introduce you to the people who have “*been there and done that*”. You will be the personal guests of chiefs of police and decision makers, and you will also meet the ‘first responders’ those, ‘on the ground’ who certainly know and understand best what is necessary to save lives. Learn the “real-deal” from the men and women who live it every day.

We will take you into the “**Eye of the Storm**”, an exclusive learning tour into the heart of Hebron. You will have the opportunity to see first- hand how the police there are dealing with a daily volatile situation. You will feel the adrenalin, but be completely safe and will be the guests of the Israeli Police Commander. This opportunity is unique and not to be missed!

The Gaza Strip is World headline news almost every day! You will have an unprecedented view of this often volatile region, at the border, and through “technology of the 22nd Century”. You will learn how the Israeli’s are using this technology to secure these sometimes hostile borders and visit some of the companies that develop this essential life saving technology.

You will be able to learn the methodology and tactics used to keep Israel’s Citizen’s safe, from a policing and home front command aspect as well as see how Israel’s citizens work together in creating a safer environment . Meet and learn from the special people who deal with the burden of trauma.

Understand the characteristics and mentality of Israel’s Bedouin, Druze and Moslem community. You will be able to take back an abundance of information and employ it right away in your community, whether it is for countering terror or reducing crime and delinquency.

The “Secure Zone Concept” that was developed by M.K *International Security Consulting* **Marc Kahlberg** and is implemented in many cities of the world including Australia, Europe and South Africa leading up to the 2010 soccer world cup. This concept was also implemented into US Law Enforcement who adopted this concept while training with Marc in Israel.

How do I finance this trip?

If you are from the US, you may seek the advice of Mr. Jim Gort, jim@mkisc.com who will explain to you the requirements from the Department of Homeland Security. (*MK International Security Consulting Ltd* has registered travelers who have been approved for funding by DHS.) *M.K.ISC* has a packet that may help you with your quest for DHS funding, and we will provide you with the correct state contacts. Departments in the past have used UASI, Second Dollar Funds, and local grants to attend this training. Some have even approached local synagogues and churches that have sponsored them.

What is the price and what does it include?

The price of the training is \$3,950. This is all-inclusive bar the return air fare. There are no hidden costs. With the flurry of discounts and other reward-based airline incentives, we have learned that it is best (and a better cost savings) to leave the R/T flight to Tel Aviv to you. As such, the above price does not include the flight to Tel Aviv.

Full transportation while in Israel, a luxury hotel on the beach *with your own room*, all meals - all top quality restaurants, fully guided tours at all times and specifically at the Holocaust Museum, the Old City of Jerusalem, Masada and the Dead Sea as well as other attractions and all of the training and lectures. The only extra money you will need is for souvenirs and personal entertainment.
