

Experience Israel Training Tour 2010

April 11th to April 16, 2009, Israel

VIP INVITATION

Please accept this invitation to a unique and exclusive 5 day international training event that will deal with global policing and municipal security issues as well as provide you with opportunities to see Israel's security apparatus from behind the scenes.

The, "Experience Israel" - *"training while you tour"* program offers high level networking opportunities, and affording you the opportunity to see the most modern and innovative security technology used to keep Israel safe.

You will be amongst police chiefs and commanders, Mayors, city commissioners, city executives, trauma and medical experts as well as some of the security industry's newest technology providers from around the world in attendance to discuss in an open and leisurely forum the issues that affect today's leaders and decision makers. We will also discuss trade and commerce issues as well as establish global networks to effectively both, combat violent crime and terror as well as further the security and safety trade between the delegation countries participating.

During this time of both global economic crises and a sharp rise in violent crimes, *directly as a result of the economic crises*, around the world, this unique experience is a not to be missed opportunity to reach out and make partners around the world that would otherwise be near impossible. The "hands-on" learning opportunity is unique and special and available only to you as a specific invited VIP Guest.

Please see the attached itinerary and registration form at www.iscisrael.com and kindly contact us for any further information.

Yours Sincerely

Marc Kahlberg
